Wachusett Village Inn
9 Village Inn Rd
Westminster, MA 01473

United Divers of Central Massachusetts
P.O. Box 57
Fitchburg, MA 01420

President's Corner

Hello everyone. This is my final presidents message before handing the reins over to Jeff. I would like to say thanks to Jeff, Mark, Christine, Janet, Peter and Kevin for volunteering to be next years BOD. I would also like to thank Mike, Lori, Bob, Janet and Ken for everything they did as part of this years BOD. It has been an interesting two years as President and thank you to everyone in the club for all the support you showed me in those two years. I hope everyone has a great Thanksgiving with their family, and a Merry Christmas and Happy New Year as well.

Kris

The reasons Santa Claus doesn't dive

- He's jolly enough without getting narced.
- He hates it when his dry suit leaks and his fuzzy red woolies get wet
- Still mourning the mysterious disappearance of his dive buddy, Frosty the Snowman, while diving in the Bahamas.
- Rudolph's nose shorts out under water.
- Have you tried to get 32 fins on little reindeer feet.

When do you need to practice better buoyancy control?

- You insist that you never wear fins because it makes it more difficult to walk on the bottom.
- The only place you can hover is at the surface
- You use 50 psi for breathing and 150 psi for your BC.
- You are certain you went for one dive, but your computer has logged three.
